Summary

Experienced Computer Engineer with expertise in full-stack web development. I specialize in building scalable, user-friendly web applications, including e-commerce platforms, ERP systems, SaaS solutions, and AI-driven projects. Proficient in PHP/Laravel, VueJS, JavaScript, and MySQL. Knowledge on Python, Java, C/C++. Passionate about problem-solving and delivering innovative digital solutions, I excel at transforming complex ideas into high-performance, functional products. Adept at customizing existing solutions and continuously improving my skills to stay ahead of the curve in evolving technologies.

Skill Highlights

Project management · Quick Learner · Team Management · SRS/Figma · Unit Testing · Problem Solving · Scrum · Agile · Innovative · Focused · Backlog
